

The Vineyard Computing E-Safety Overview:

Self Image and Identity

This strand explores:

- differences between online and offline identity beginning with self-awareness
- shaping online identities and media influence in propagating stereotypes
- identifying effective routes for reporting and seeking support
- explores the impact of online technologies on self-image and behaviour.

Online Relationships

This strand explores:

- how technology shapes communication styles and identifies strategies for positive relationships in online communities
- opportunities to discuss relationships
- respecting, giving and denying consent
- identifying behaviours that may lead to harm
- how positive online interaction can empower and amplify voice

Online Reputations

This strand explores:

- the concept of reputation and how others may use online information to make judgements
- opportunities to develop strategies to manage personal digital content effectively
- capitalising on technology's capacity to create effective positive profiles

Online Bullying

This strand explores:

- bullying and other online aggression and how technology impacts those issues
- strategies for effective reporting and intervention
- how bullying and other aggressive behaviour relates to legislation
